

Chicago Association of Shia Youth Mission

The Chicago Association of Shia Youth (CASY) welcomes you to the launch of the CASY website. This site is actually more about YOU than us! The Chicago Muslim Shia community has been around for nearly 30 years and we have been long overdue for an organized effort to unify the youth of our generation from all parts of Chicago. CASY is an organization that has been established to encourage the religious, academic, social, leadership and professional needs for us, the youth on a unified platform.
